

ARRIVE SAFELY WITH SEYMOUR

Peking Foreign Ministers
and Ambassadors Have
Reached Tien Tsin.

TWO HUNDRED INJURED

Twelve Thousand Foreign
Troops Now Landed to
Check the Boxers.

SUCCOR FOR PEKING IS NEAR

Berlin, June 28.—[Special Cablegram]—Admiral Bendenmann cables that the Peking ministers have arrived safely at Tien Tsin with Seymour.

About Two Hundred Wounded.

Chefoo, June 28.—[Special Cablegram]—Admiral Seymour has been relieved and is returning to Tien Tsin. A detachment of four companies of Russians under Col. Schirinsky and an equal number of other foreign troops, effected the relief on the night of the twenty-fifth. Two hundred wounded were brought to Tien Tsin.

12,000 Foreign Troops Landed.

Washington, June 28.—[Special Telegram]—Admiral Kempff cables twelve thousand foreign troops are now ashore and that he has substituted the Nashville for the Yorktown at Chefoo. The Yorktown is used as a dispatch boat. Soldiers should report to Taku instead of Chefoo.

Seymour Is Hounded In.

London, June 28.—[Special Cablegram]—In the Commons this afternoon Broderick, former parliamentary secretary, received a telegram from Tien Tsin dated June 24, stating that Seymour had seized a small arsenal north of Tien Tsin, where he is being bombarded by the Chinese with a large number of guns.

The allies had lost forty killed and seventy wounded. The damage to Tien Tsin was slight except to British and French concessions. The British casualties at Tien Tsin were three killed, four wounded and fifty missing including six officers.

In the Lords, Salisbury said there were grounds for hoping that no violence had been done to the legationiers, but definite news was lacking.

RELIEF FORCE IS NOW AT BAY

Kempff Reports That Peking Will Soon Be Reached.

Washington, June 28.—The following cablegram was received at the navy department:

"Che-Foo, June 28.—Secretary Navy, Washington: Peking force and ministers reported with Peking relief expedition entrenched eight miles from Tien-Tsin. KEMPFF."

London, June 28.—The composite brigade of 2,300 men who raised the investment of Tien-Tsin is thought to be pushing on to help Admiral Seymour, but no news of his succor has reached Che-Foo, the nearest wire point. The last steamer arriving at Che-Foo from Taku brought this message, dated Tien-Tsin, Monday, June 25:

"The Russian general in command of the relief force has decided, in view of Saturday's heavy fighting and marching, that one day's rest for the troops was essential and that the advance should not be resumed until today."

POLITICIANS GATHER AT MILWAUKEE

T. H. Mosher of Racine County Feels
Certain Whitehead Will Carry
the First District.

Milwaukee, June 28.—Politicians took the Hotel Pfister by storm yesterday afternoon. At one time there were present in the lobby Gov. Scofield, Lieut. Gov. Stone, United States Senator Quarles, Congressman Davidson, Esch and Otjen, to say nothing of a dozen or more other politicians of more or less prominence from all parts of the state. Isaac Stephenson was there, having remained over from the previous day. Senator J. H. Stout came down from Monomonic while De Wayne Stebbins, the gubernatorial candidate, was on hand to meet the whole party.

First for Whitehead
Ex Assemblyman T. H. Mosher of Kneeland, Racine county, also came down to see the carnival, and as he expressed it, to "get posted on the political situation." "I have been all through the first district," he said, "and I find that Whitehead has strong support

throughout the district. They have said that La Follette will carry that district, or at least some of it, but I cannot see it that way. I believe that Whitehead will have it solid, regardless of the many stories to the contrary."

ALL ARE SAFE AT CHI NAU FU

Cheering News From Wisconsin Missionaries in China.

Beloit, Wis., June 28.—A cablegram received yesterday by a relative at Chicago states that Dr. H. D. Porter and sister Mary H. Porter of the North China mission have safely arrived at Chi Nau Fu, the capital of Shantung. Dr. Porter's wife and children are in Beloit.

No word is received of the Rev. and Mrs. Arthur Smith or Charles F. Sammon. The former was a Beloit boy who joined the army and after his discharge engaged in work for an American Bible society. He has a family at Tien Tsin.

ALSCHULER WILL STUMP THE STATE

Illinois Democrats Expect to Make a
Vigorous Campaign—The Cur-
rency Plank.

Springfield, Ill., June 28.—[Special Telegram]—The Illinois democrats in-

SAMUEL ALSCHULER.

ished their work last night and claim to have a ticket that will carry next fall. Samuel Alschuler, the nominee for governor, will begin at once to stomp the state.

The platform makes no direct mention whatever of 16 to 1. Here is the financial plank adopted:

"We denounce the currency law passed by the present congress, which proposes to permanently establish the gold standard in this country in place of the bimetallic standard of the constitution, and which transfers to the national banks the entire control of the paper currency, thus laying foundation for a money trust which will have power to control the prices of all property, and to stimulate or strangle business."

M'KINLEY WILL BE NOTIFIED AT HOME

President Will be Officially Informed of
His Renomination at Canton
on July 12.

Washington, June 28.—President McKinley will hear officially that he was renominated for President of the United States at his home in Canton, Ohio, on July 12. The President and Mrs. McKinley will start for Canton Friday evening of this week and will not return to Washington for five weeks, unless unlooked for emergencies call the President back.

There has been no official announcement that President McKinley will be called upon at Canton by the committee named for this purpose at Philadelphia, but it comes from high authority that this is the plan at present. Senator Lodge, the chairman of the convention, is at the head of the notification committee.

The presidential party will depart from Washington in a private car attached to the regular 7:45 train on the Pennsylvania railroad tomorrow night; the President and Mrs. McKinley will be accompanied by Dr. Rixey, Secretary Cortelyou and Assistant Secretary Barnes.

The President, it may be said, is very much relieved over the news from China else he would not think of leaving Washington at this time. He now has every hope that not only Minister Conger and family are well and safe, but that the crisis in China is approaching a stage where it can be more easily coped with.

YALE WON VARSITY BY SIX LENGTHS

Great Race of College Men at New
London, Conn., Was Pulled
Off Today.

New London, Conn., June 28.—[Special Telegram]—Under a clouded sky but cheered on by thousands Yale and Harvard today rowed the twenty-second annual race. The freshmen event preceded, Harvard winning that by four lengths.

Yale won the Varsity by six lengths.

"LONG" JONES LOSES WAUKESHA COUNTY

LA FOLLETTE CARRIES CAU-
CUSES IN BOTH DISTRICTS.

Madison Gubernatorial Candidate Also
Gets Oconto County by a Large Ma-
jority—Jones Says He is Still a
Candidate—Sauerhering is Out
Against La Follette.

Waukesha, Wis., June 28.—Bob La Follette secured a clean victory over "Long" Jones in the Waukesha county caucuses yesterday, capturing both of the assembly districts. He carries the South district by electing 31 of the delegates to the district convention against 22 for Jones and the north district by 40 to 16.

The victory is so decisive that notwithstanding Mr. Jones still says he is a candidate some of his closest friends admitted today that his failure to carry his own county virtually eliminated him as a factor in the gubernatorial contest.

Mr. Jones' Statement.

After the conference with his friends last night, Mr. Jones gave out the following statement:

"I am still a candidate for governor, and certainly shall be. The conventions in Waukesha county have not been held yet."

Before he went into the conference Mr. Jones said: "On the face of the returns Mr. La Follette has a majority of this county. It is too early for me to say what the ultimate effect of this will be. I can say, however, that notwithstanding that Mr. La Follette has elected a majority of the delegates, I am confident that they would vote for me under certain considerations. However, it is too early to say anything on the matter."

The District Conventions

The district conventions to which these delegates were elected will be held next Saturday and Monday. The South district convention will be held Saturday. There will be but little interest in these conventions now unless an effort is made to reach a compromise and have the county give a complimentary vote to Jones, which was the program when the Jones managers retired last night.

La Follette Carries Oconto.

Oconto, Wis., June 28.—Delegates to the republican county convention to be held in this city this afternoon were elected yesterday. The returns thus far received show beyond a doubt that La Follette has swept the city and county.

The results from the different primaries give La Follette at least forty delegates out of the total of sixty elected, which majority it is expected will be increased.

Dodge County Against La Follette.

Juneau, Wis., June 28.—The Republican county committee of Dodge county met yesterday and was presided over by ex-Congressman Sauerhering, county Chairman. The meeting decided to hold the conventions to elect delegates to the state and congressional conventions at Juneau on August 4, 1900. No resolutions were adopted relating to the gubernatorial choice but the sentiment seems to be that Dodge county would not send any La Follette delegate to the state convention. Congressman Sauerhering said: "You may say for me to settle all the foolish talk I have heard as to my choice for governor, I am opposed to Mr. La Follette and favor the nomination of a good republican for governor."

Concerning the Congressional campaign the ex-congressman said: "From all appearances Dodge county will be solidly for Dable and he will undoubtedly be renominated."

J. J. HILL GETS THE NORTHERN PACIFIC

Deal Said to Have Been Consummated
Through Agency of Henry C.
of Milwaukee.

Minneapolis, Minn., June 28.—The Times this morning publishes a special from New York, obtained from an authoritative source, saying that James J. Hill has finally succeeded in securing control of the Northern Pacific. The telegram follows:

"New York, June 28.—Henry C. Payne of the republican committee left here for Cleveland last night to see Mark Hanna and the principal object of his visit is the proposed consolidation of the Great Northern and Northern Pacific railways."

Sir William Van Horne of the Canadian Pacific has given particulars as to the Hill coup to a business friend in Montreal, who repeated the story in some details.

TO FIGHT ST. LOUIS BOYCOTT

Business Men Organize a League Which
Will Meet It.

St. Louis, Mo., June 28.—The Globe-Democrat says today: "The large employers of labor in St. Louis to the number of 100 or more have organized the Law and Order club of St. Louis, and propose to give battle to the boycott. Several meetings have been held and it is said that a complete organization has been perfected for the good of the community."

BRICKLAYERS SIGN 3-YEAR AGREEMENT

END OF CHICAGO'S STRIKE OF
BUILDING ARTISANS.

Union Ranks Are Broken and Death
Knell of the Trades' Council Is
Sounded—Judge Grosscup Accepted
as Final Arbitrator in All Future
Labor Troubles.

Chicago, June 27.—The bricklayers and contractors signed a peace pact yesterday that makes certain the collapse of the Building Trades Council within a week and the resumption of the building industry in Chicago on a basis which guarantees prosperity to workmen and to investors.

A conspicuous feature of the agreement is the plan for joint arbitration which practically makes strikes and lockouts things of the past. United States Judge Peter S. Grosscup has been agreed upon as umpire to be called upon for a decision in case the joint arbitration board is evenly divided on the point at difference.

Notice of the withdrawal of the strong organization of the bricklayers and stonemasons was served upon the executive committee of the Building Trades Council yesterday morning by President George P. Gubbins. It created consternation among the reckless leaders who have kept 60,000 men in idleness and large numbers of families in want.

Peace Pact Ratified

Later in the day the arbitration committee of the Bricklayers and Stone Masons' Union went into joint session with the arbitration committee of the Chicago Masons and Builders' Association, and many hours were spent in formulating the agreement, which is considered to represent the best thought and the most advanced principles in the world of labor.

Both committees had full power to act, and the peace compact extending to April, 1903, was signed by each. At a special meeting of the Bricklayers' Union, held last night, the agreement was ratified by the rank and file.

In addition to providing for the adjustment of any differences between employer and employee, so as to obviate all strikes and lockouts and delays of work at any time, the agreement stipulates that the work day shall be eight hours, that the minimum wage shall be 50 cents an hour, that time and a half shall be given for overtime and double time for Sundays and holidays, and that during June, July and August the men shall have the Saturday half holiday.

STATE HIBERNIANS CLOSE CONVENTION

John T. Kelly Elected President—Res-
olutions of Sympathy for the
Boers—Order Prospering.

Milwaukee, Wis., June 28.—The biennial convention of the Ancient Order Hibernians of Wisconsin closed its session yesterday afternoon with the election of the following officers:

President—John T. Kelly of Milwaukee.
Vice President—F. W. Matthews of Ashland.
Secretary—J. S. Lunney of Chippewa Falls.
Treasurer—Maurice Fitzsimmons of Fond du Lac.
State Chaplain—The Rev. M. J. Ward of Beloit.

The report of the retiring treasurer showed that the receipts during the past two years amounted to \$6,051.54, and the disbursements to \$5,841.74, leaving a balance on hand of \$209.80, with all obligations paid. The report of the secretary showed that there are twenty lodges of Hibernians in the state, and that the number of new members initiated during the past two years was 122, making the total membership at this time about 1000.

Most of the sessions were taken up with the discussion of the question of organizing an insurance department in connection with the order in this state. This has been done in the Southern and Eastern states with the result that the order has grown rapidly, while in Wisconsin it has been with the utmost difficulty that it was prevented from going back.

The convention finally decided to adopt the insurance plan of the Hibernian Life Insurance association of Illinois, under which all members of the order can obtain life insurance to the amount of \$1,000 provided they pass the medical examination.

ROOSEVELT'S OKLAHOMA TRIP

After Reunion the Nominee Will Visit
Kansas and Illinois.

New York, June 28.—Gov. Roosevelt will leave New York on Friday for Oklahoma to attend the annual reunion of the Rough Riders. After the reunion he will visit Kansas, stopping at Wichita and Topeka.

On July 5 Gov. Roosevelt will make another stop at Quincy, Ill., where he will speak. Then he will return home to prepare his letter of acceptance, and to receive formal notification of his nomination on July 12. The governor is undecided whether to attend the convention of the National League of Republican clubs in St. Paul on July 17. He will abide by the decision of the national committee in that matter. But later in the campaign Gov. Roosevelt will make an extended tour through the West, and then he will talk real politics and arouse the enthusiasm of the voters.

FILIPINO LEADERS RELEASED

Pio del Pilar and Others Take Oath of
Allegiance.

Manila, June 28.—Nine of the insurgent leaders, including Generals Pio del Pilar, Concepcion, Garcia and Alvarez were released here today upon taking the oath of allegiance to the government and renouncing all forms of revolution in the Philippines, together with making formal acknowledgment of American sovereignty.

This oath is much stronger and more binding than the oath which General Otis administered and was consequently distasteful to the Filipinos who accepted it with bad grace fully realizing the results of any violation.

Senor Buencamino took the oath Monday. It is hoped that the sparing of the nice leaders will influence their men to take advantage of the amnesty, which has thus far been without results other than those of today.

FAILURE OF WHEAT IN THE NORTHWEST

Great Upper Grain Belt of States Do
Not Expect More Than Half
a Yield.

Chicago, June 28.—Several dispatches to The Tribune from scattered points in three great spring wheat growing states of the Northwest, Minnesota, North Dakota and South Dakota, indicate that there has been no practical relief from long continued and blighting drought and that the most hopeful estimates do not count on half a crop for the three states with general and heavy rains within a few days.

In some sections there have been good rains, and the plant is looking better, but over large territories the stock is so short that the fields could not be cut, though it has headed out.

Some of the largest and most fruitful sections are in the worst conditions, having had only light showers, which have done no good. Over 1,000,000 acres have been plowed up, and stock has been turned on the fields by many farmers.

HE SAYS 2,000,000 PEOPLE WILL DIE

Dr. Louis Klopsch, on His Way Home.
Tells of the Plague Ravages
in India.

London, June 28.—Louis Klopsch, after spending a week in Paris on his way home from India, sailed for New York from Plymouth yesterday.

In an interview previous to his departure Mr. Klopsch said the mortality during the wet season in India was just commencing and must assume stupendous proportions, outnumbering the total of the deaths in the last six months from all causes. Unless 20,000,000 blankets are quickly provided, the monsoon, India's greatest blessing, will prove appallingly disastrous.

Mr. Klopsch also said the mortality will exceed 2,000,000. He further asserted that 90 per cent. of the cattle in the richest farming districts have perished.

Mr. Klopsch is thoroughly satisfied with the methods adopted in the distribution of the American relief. One of his last acts in India was to buy 100,000 blankets for the sufferers.

DERANGED GIRL WANDERS IN IOWA

Miss Marion Bybee From San Francisco
Being Cared for by Hawk-
eye Farmers.

Davenport, Ia., June 28.—[Special Telegram]—A young woman, mentally deranged, with papers showing her to be Miss Marion Bybee of San Francisco, is being cared for by farmers near here. She says she left San Francisco to visit friends in New York, failing to find them she then started back. She had walked from Clinton twenty miles. Among her papers is a will with Marion as beneficiary in a large sum.

AGED MAN SHOT BY AN ASSASSIN

Tragedy at Stevens Point Resulting
From a Murder Several
Months Ago.

Stevens Point, Wis., June 28.—Gabriel Green, aged 70 years, was shot to death on the streets by an unknown assassin on the streets of this city yesterday and the police are working on the theory that he paid with his life for a murder he committed last January.

Green, who was a Polish Hebrew, was a horse trader, and as such quarreled with Louis Wiesner, a business rival. Green's barn was burned by an incendiary and Green suspected Wiesner. Green killed him. Green was released in \$5,000 bond.

In an ante-mortem statement Green declared that he had been shot by Leo Wiesner, brother of the man killed in January, aided by Frank Kliesinski, a bartender. The men were arrested and pleaded not guilty.

When shot Green was talking to a man and a woman who occupied a carriage. A rifle was employed to do the killing.

SWALLOW SEEMS TO BE IN THE LEAD

Prohibitionists Had a Warm
National Convention
in Chicago.

DREW A LARGE CROWD

The Nominating Speeches for
President Excite Vigor-
ous Demonstrations.

A ROW OVER ADJOURNMENT

Chicago, June 28.—[Special Telegram]—The second day's session of the national prohibition convention was called to order at 10 o'clock this morning with a large crowd in attendance, owing to the fact that a presidential nomination was to be made.

After prayer, national chairman Stewart made an appeal for funds, and then the nominations were taken up.

Arkansas yielding to Illinois, Oliver W. Stewart named John G. Woolley of

REV. S. C. SWALLOW.
Chicago, attacking both McKinley and Bryan on temperance grounds.

Hearty demonstrations were given, when he yielded the floor to Judge Gere of Champaign, Ill., who nominated Hale Johnson of Newton, Ill., whom he declared the grandest man in the prohibition party.

Homer Castle of Pennsylvania, then nominated Dr. Silas C. Swallow of that state. The Swallow demonstration was twice as heavy as the others.

Some one moved to adjourn until 2 o'clock and a wild scene ensued, many

refusing to leave their seats. When put to a vote the chairman declared it carried. A division was called for and it was found that the sentiment favored remaining in session.

Several delegates denounced Chairman Wolfenbarger's first decision as a plan to defeat a stampede to Swallow.

When E. E. Carr, of Illinois wanted to second Swallow's nomination, although the delegation was for Woolley, a great row resulted. Other nominating speeches tired the delegates and a motion to adjourn for one hour was carried. The rivalry of the Woolley and Swallow factions by this time is very unfriendly.

ASKED TO CO-OPERATE

Efforts of the Committee to Make the
Evening Fourth of July Car-
nival a Success.

Chairman W. P. Bayles of the carnival committee requests that all societies and organizations co-operate with the carnival committee to make the evening carnival a success. To enjoy the carnival the people taking part in it must be masked, and if the various organizations would mask in delegations it would make the fun all the more lively. A costume from Milwaukee has been secured and a number of costumes of one kind can be secured if the committee is notified at an early date.

THE FLORAL PARADE WAS A SUCCESS

MOST PICTURESQUE FEATURE IN MILWAUKEE'S CARNIVAL

Pretty Procession Contains Vehicles Smothered in Flowers—Fine Equipages in Line—Society of Cream City Makes a Magnificent Showing in the Procession—Today's Features

Milwaukee, June 28.—The floral parade, the most picturesque feature of the Milwaukee carnival, took place today. The weather was perfect. The parade was headed by former Governor George W. Peck as chief marshal, followed by his aids, the prancing horses being decked with garlands of flowers.

The right of the line of the parade was given to Mayor Ross, who with Mrs. Ross, occupied a victoria covered with American beauty roses. The equipage was drawn by two brown horses with white harness, and the approach of the mayor was the signal for enthusiastic applause.

Fifty Vehicles in Line

There were about fifty vehicles in the parade and each one vied with the others for the palm of beauty. Had there been an award the judges would have had a hard time to decide to whom to tender the prize.

Afterward the participants were entertained by the members of the club, the grounds with their beautiful decorations and the handsome dresses of the women having the appearance of a lawn fête. Among those who took part in the parade was Admiral Cotton, who was the guest of honor at the club. The admiral enjoyed the parade very much, as well he might, having been enthusiastically greeted along the route.

Last evening Admiral Cotton was entertained at dinner at the Milwaukee Club by the carnival board, the guests including besides the admiral a few of his old friends.

Cream City Is Thrilled

So far as the crowds go the carnival is a success. People are pouring into the city on every train. Today's attendance is larger than on the same day one year ago and it will be much larger tomorrow.

Today there will be a fire run and an automobile parade in the afternoon and an electrical pageant in the evening.

The electrical display is wonderfully fetching. From the lake shore depot to the further end of the court of honor electrical arches extend across the street at short intervals until the streets, with the moving throngs, have the appearance of an immense lawn fête.

Excursion Rates to Kilbourn City and The Dells of Wisconsin.

On every Friday and Saturday the C. M. & St. P. R'y. will sell excursion tickets good to return until the following Monday. For further information apply at passenger depot.

STRUCK BY A TORNADO

Rock River Falls Has the Worst Storm In Years—Crops Are Badly Damaged.

Black River Falls, Wis., June 28.—People who have lived here thirty-five years say they never saw such a tornado here as happened about 4 o'clock yesterday afternoon. Shade trees, telephone and electric light poles and wires are a tangled mass and fill the streets and block the sidewalks.

The belfry of the Universalist church was blown from the roof and demolished. Outhouses and barns have suffered severely, and a thousand shade trees are broken off or uprooted.

The damage to growing crops is very severe and reports from the line of Green Bay railway indicate that the storm was much more severe farther north. The main storm did not last over three minutes and there was no electricity.

Eau Claire, Wis., June 28.—Reports from Brackets, this county, indicate heavy damage by hail and wind yesterday afternoon. Barns and sheds were destroyed, crops were beaten into the ground, and large hailstones fell.

FINE STATE FAIR SPECIAL FEATURES

Encampment on the Grounds of the First Wisconsin Regiment—Patches and Gentry to Race.

Milwaukee, June 28.—A meeting of the Board of Managers of the State Board of Agriculture was held at the Hotel Pfister yesterday afternoon for the purpose of considering and definitely determining the special features that are to be put on at the coming fair.

The famous pacers, Patchen and Gentry, have been engaged for Thursday of the fair week, provided there are no slips. While a verbal agreement has been made, the board insist on having it reduced to writing. The price paid for the two horses is \$2,000. Wednesday will be Military day, and it is the intention to have the entire first regiment of the Wisconsin National guard on the grounds, and if present intentions are carried out the soldiers will go to camp on the grounds and remain over night.

One of the main features will be Athletic day with which the fair will be brought to a close. The purpose is to have invited all the High schools in the state to come to the fair and compete for prizes. However, the contests will be confined to the state of Wisconsin.

Buchanan, Mich., May 22. Genesee Pure Food Co., Le Roy, N. Y.: Geneseeans—My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your GRAIN-O, the drink that takes the place of coffee, she finds it much better for herself and for her children to drink. She has given up coffee drink entirely. We use a package of Grain-O every week. I am ten years old. Yours respectfully, FANNIE WILLIAMS.

POWERS SECURES HIS RELEASE

Court Recognizes the Pardon Issued to Him by Gov. Taylor.

Harlan Courthouse, Ky.—June 28.—Capt. John L. Powers of Barbourville, Ky., who was arrested here yesterday on the charge of complicity in the murder of Senator Goebel, was today released. His attorneys instituted habeas corpus proceedings yesterday afternoon and after a hearing before County Judge Cornett, Powers produced a pardon signed by Gov. Taylor on March 6, 1900, offering it as a bar to prosecution and arrest. Judge Cornett honored the pardon and Powers was ordered released from custody. This is the second time Powers has been arrested on the same charge and released on Gov. Taylor's pardon in the mountain counties of Kentucky, the former trial taking place in Knox county. Capt. Powers is a brother of Secretary of State Caleb Powers, who is now being held in jail at Georgetown on the same charge.

Is Found Guilty of Treason.

Berlin, June 28.—The Supreme court at Leipzig has sentenced to twelve months' imprisonment Wislowski Leigeb, editor of the Gazeta Ostrowska, published at Ostrow, indicted for high treason in connection with the alleged attempt to restore the kingdom of Poland. The printer, Melerowicz, and the tailor, Kolenda, who were also indicted, have been acquitted.

Testimony offered during the trial showed that a number of Polish societies in the United States are large contributors to the Polish national fund at Bapperswell, Switzerland, the object of which is to restore the Polish kingdom.

Forest Fires in Two States.

West Superior, Wis., June 28.—Forest fires are burning again in the vicinity of this city, and about fifteen miles out in the vicinity of Rockmont, on the Duluth, South Shore & Atlantic road, farmhouses are threatened with destruction. The fires have reached a long trestle on that road at that point and destroyed almost the entire structure. The South Shore road will temporarily enter the city over the Northern Pacific tracks.

Aitkin, Minn., June 28.—A heavy fire is now burning two or three miles west and a pall of smoke black as a thunder cloud obscures the sky. No rain has fallen in this section for over two months and the woods are as dry as tinder. A strong wind is driving the flames.

No Crime to Kill an American.

Havana, June 28.—A Cuban policeman who recently killed an American named Welsh and against whom the evidence was apparently complete, in the opinion of army officers and others who saw the whole affair, has just been acquitted by the judges in circumstances so extraordinary that Governor General Wood will order an investigation. The Americans in Havana are very indignant over what they claim is a studied attempt to show the Cubans that it is no crime to kill an American.

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost: is there any better combination?

A MEASURE OF MERIT

Janesville Citizens Should

Weigh Well This

Evidence.

Proof of evidence lies in the merit. Convincing evidence in Janesville is not the testimony of strangers; But the endorsement of Janesville people.

That's the kind of proof given her e The statement of a Janesville citizen

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says:

"Seven years ago I injured my back by falling through a bridge near Afton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the People's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's and take no other.

THIS DAY IN HISTORY.

- 1519—Union of Germany, Spain, the Netherlands, the Two Sicilies, Sardinia and the Spanish Indies under Charles V.
- 1577—Peter Paul Rubens, Flemish painter, born; died 1640.
- 1776—Charles Matthews, celebrated comedian, born; died June 23, 1835.
- 1805—Giuseppe Mazzini, Italian reorganizer, born at Genoa; died 1872.
- 1836—James Madison, fourth president, died at Montpelier, Va.; born 1751.
- 1855—Victoria crowned at Westminster to succeed her uncle, William IV, on the throne of England.
- 1855—Lord Raglan (James Henry Fitzroy Somerset), British commander in the Crimea, died; born 1788. Lord Raglan was a younger son of Henry, fifth duke of Beaufort, and won his own title on the field of Mars. In the peninsular campaign and at Waterloo he served on the staff of Wellington and came out of the last battle with an empty sleeve. He was raised to the peerage as Lord Raglan in 1832 and took command of the army when he marched to the Crimea. On the field Lord Raglan was a daring leader. He died in camp in the midst of siege operations against Sevastopol.
- 1864—Rear Admiral William Greenville Temple, U. S. N., a veteran of the Mexican and civil wars, died in Washington; born 1824.

IN NAME ONLY.

The Madison State Journal thus refers to its local e. c.: The Madison Democrat declares its intention to stand by the McKinley administration and thus reflects its good sense. It enjoys an occasional fling at President McKinley, but says "His nomination, a foregone conclusion will be quite generally accepted by the nation as but the formal preliminary to an election." Then the democrat becomes enthusiastic in view of recent history. It notes that "General Prosperity, of which he was the ostentatious advance agent four years ago but with whose coming he has really had nothing whatever to do, is happily in the saddle, a war has been successfully prosecuted and concluded, much territory has been acquired, exports surpass all records, revenues exceed expenditures—these are a few cogent reasons with which the doubter may fortify his suspicion that this nomination presages probable disaster to the free silver courier who courts a candidacy against it."

Carl Schurz and a few of the Old Guards are weakening in the cold outside of the pay-roll, but the Madison Democrat, with all its faults, means to adhere to good government.

Madison State Journal: To Chief Justice Cassoday will go out universal sympathy in the great bereavement that he has so unexpectedly suffered in the loss of his good wife, this choice companion of his youth, this gentle sharer of the many joys that have been his in manhood, this noble mother of his family of worthy children, this true comfort of his later years. None but he can understand or appreciate the deprivation compassed by his loss, even though the knowledge may be common of the peculiarly sweet and harmonious relationships which made the Cassoday home one of exceptional charm. Seldom is sorrow more genuine than that which is felt in this community today.

The Watertown Daily Times, independent, says: Robert M. La Follette seems certain that he will be nominated for governor by the republican state convention. He bases his assurance on the large number of endorsements he has received from politicians and voters throughout the state. Still there is Whitehead and Bradford to say nothing of Long Jones.

The Fourth of July committees are all hard at work. Help them all you can.

The storm center has again shifted away from Waukesha, Wis.

And Mr. Rubin doesn't represent the "ruling race" either.

Governor Beckham has called a special session of the legislature to repeal the

Goebel law—not as a matter of right and justice, but because as he plainly says, "the democratic party will be defeated if it remains on the statute books."

Long Jones, however, is as long as he was before.

COOPER STILL IN WASHINGTON

Attending to the Manifold Wants of His District

Representative Cooper has not yet returned home to Racine but is still in Washington attending to matters connected with Janesville's public building. There were a number of things connected with the appropriation that needed fixing up and Representative Cooper knew that more could be done at Washington than by corresponding from Racine. Representative Cooper always has the best interests of his constituents at heart. He is expected home in Racine in a few days.

THE ROYAL PURPLE DEGREE

Odd Fellows Entertainment at East Side Hall

Tomorrow evening at East Side Odd Fellows hall a delegation of noted guests will be entertained by members of Rock River Encampment No. 3, I. O. O. F.

The Royal Purple degree will be given to five candidates. The work in this degree is extremely interesting and will be carried out in a manner worthy of the lodge. At the close of the work an elaborate banquet will be served in honor of the visitors and candidates.

The visiting delegation of about forty will include the grand officers and prominent Odd Fellows of the state, Milwaukee, Madison, Edgerton, Whitewater, Baraboo, Beloit and Evansville will be represented.

OXYDONOR?

WHAT IS IT?

In a metal case of small size "Oxydonor" is enclosed. When you retire at night you fasten to your ankle a small attachment that is connected to the "Oxydonor" case by a cord. While you sleep Oxydonor causes the body to drink in the oxygen of the air. Thus it causes disease to be transformed into health and vigorous life. Sounds strange, but fifty local testimonials will prove all and more than we claim for this little wonder. Plenty of local references. No matter what the disease is. ALBANY AROUSED BY AN EXPLOSION

Robbers Employ Nitro-
Glycerine to Open the
Postoffice Safe.

WHOLE TOWN IS SHAKEN

People Fled From Their Homes
in Night Clothes in
Great Alarm.

BURGLARS GOT AWAY EASY

Albany, in Green county, was the scene of intense excitement over a post-office robbery last night.

At 2:30 o'clock this morning the villagers were aroused by an explosion that shook every house in the place from the very foundations. The people thought that an earthquake had surely struck the place.

Every man, woman and child hurried out in the streets dressed in their night clothes, to find out the extent of the supposed disaster. Scenes of the wildest excitement prevailed, and men rushed about to discover the source of the great confusion.

Attempt to Rob Postoffice
Finally it was discovered that an attempt had been made to rob the post-office building, located in the center of the village, and that the blowing up of the safe in the office had caused the thunderous noise.

The first of the men out on the street noticed a man leaving the postoffice building and running swiftly up the street, where another man seemed to be waiting for him. It was afterwards discovered that the two men joined a third further up the road with a horse and buggy, and the three raced north as fast as the horse could carry them.

Examination of the post office building found it to be a complete wreck. A big charge of nitro-glycerine had been inserted in the safe and the explosion shattered the front door, blowing pieces through the building in every direction. A large section of the iron door passed through the ceiling and another knocked down the west wall.

Terrible Force of Explosion
Every pane of glass in the building, the post office boxes and furniture were smashed to small pieces. The big front door was a complete wreck. Every window in the business places on each side of the street was broken and the ceiling cracked and the floors bent. The force of the explosion was terrific. The robbers had evidently overloaded with dynamite.

It was found that the bold robbers did not get anything from the safe, but they had rifled the cash and stamp drawer and stole some \$26 worth of stamps and small change. The awful explosion scared the burglars away before they could rob the safe.

It took some time for the citizens to regain their equilibrium and then they started out to hunt the robbers. A posse was organized and on horse back they scoured the whole country for miles without any result. The buggy was traced as far as Attica and the supposition is that the dynamites cut across to Evansville and caught a train north or south there.

The authorities of Rock, Green and neighboring counties were notified but no clue has so far developed.

Authorities On the Alert.

A. Blakely is the postmaster at Albany and he says his building was entirely destroyed and will have to be rebuilt. The safe door was blown to pieces and scattered and the corners cracked wide open. He says the charge of nitro-glycerine must have been enormous, to cause such a complete wreck.

Sheriff Appleby and Chief Hogan were notified and have been on the alert but without success. Evansville and Milton officers are also on the lookout. It is hoped to catch the three men before they get out of the county. No description of them can be given.

The damage to property destroyed at Albany will reach \$1,000 to \$1,500.

ON MANDOLIN AND VIOLIN

Expert P. J. Farrell of Chicago Entertains the Coterie Club.

Mr. George F. Cook of this city has been entertaining P. J. Farrell of Chicago. Mr. Farley was formerly a member of Tamasso's orchestra and is an expert mandolin and violin player. Mr. Farrell last evening entertained the members of the Coterie Club, at the club's rooms at a delightful concert on the mandolin and violin. The members of the club are loud in their praises of Mr. Farley's playing and consider it the finest concert given in the club rooms since they were opened. Mr. Farley's technique and execution was beyond criticism. At 11:30 the party broke up after a delightful evening's entertainment. Mr. Farrell leaves tomorrow for Oshkosh to visit with friends in that city.

WERE UNITED AS HUSBAND AND WIFE

LIZZIE MORRIS AND EDWARD
N. BUTTERFIELD WEDDED.

Rev. Arthur C. Kempton Put the Words That United Them, at the Home of Mr. and Mrs. Richard Morris Yesterday—Several Other Marriages Also Took Place.

A handsome home wedding was held yesterday morning at the home of Mr. and Mrs. Richard Morris, 109 Park avenue, Miss Lizzie Morris, daughter of the host and hostess being the bride and Edward N. Butterfield the groom.

Rev. Arthur C. Kempton performed the ceremony that united them as man and wife and was especially pleased to be called upon as both young people are active members of his church.

The ceremony was performed in the presence of a small company of relatives and intimate friends, after which an elegant repast was served. The happy couple left on the noon train for Chicago where they will spend a week.

The bride is a young lady whose kind ways and pleasing manners have made her many friends. She has been a teacher in the public schools for several years and has lately been principal of the Washington school. She was universally admired by the pupils under her care, who will rejoice in her marriage and wish her a long life of wedded happiness.

The groom is in the employ of the Parker Pen Company and is a young man of sterling qualities and very popular among his associates. The happy couple on their return from Chicago will go to housekeeping in a pretty home on Linden avenue. The young people were the recipients of a number of handsome presents among them being a costly clock from the teachers of the Washington school.

P. W. RYAN WAS LOWEST BIDDER

Likely to Get Contract For Macadamizing South Second and South Jackson Streets.

The contract for macadamizing South Second street from the easterly side of South Main street to the westerly side of Wisconsin street, if confirmed by the council will be awarded to P. W. Ryan.

Mr. Ryan's bid for macadamizing and grading was 52 cents per square yard, and for combined curbing and gutter in place, with Portland cement, 68 cents per lineal foot, the amount of macadamizing is 2,012 square yards, and the number of feet of curbing 1,880.

Mr. Ryan, if the council confirms, was also awarded the contract for macadamizing South Jackson street from the northerly side of Dodge street to the northerly side of Pleasant street. Mr. Ryan's bid for macadamizing and grading was 46 cents per square yard and for curbing and gutter in place with Portland cement, 65 cents per lineal foot. There is 1,543 square yards of macadamizing and 577 lineal feet of gutter.

Mr. Ryan is to be congratulated on securing these contracts as they are a good thing for him and also for the city.

BOY ATTACKED BY A VICIOUS DOG

Clarence Brown, While Delivering Meat, is Mangled by a Furious Canine.

While delivering meat at Charles O. Neils', on Vine street yesterday morning, Clarence Brown, son of Mr. and Mrs. C. E. Brown, was attacked by a vicious dog belonging to O'Neil, the dog jumped for the young man's throat and in order to protect himself he threw up his arms. The dog's teeth entered the fleshy part of the arm just below the elbow tearing it badly. He went immediately to a doctor who dressed the wound. Since then there has been considerable matter, necessitating the services of a physician. The young man is at work this morning, but his arm is very sore. Mr. Brown is not the first person the dog has attacked. He is too dangerous an animal to run at large and should be looked after by the police.

CHURCH BUILDING TO BE REPAIRED

MODERN IMPROVEMENTS ON
METHODIST BLOCK.

First Story Store Rooms Will All Be Remodeled and the Auditorium Repainted and Decorated—May Build an Addition to the Sunday School Room.

The Court Street M. E. church building is to undergo repairs and improvements that will be extensive. The store rooms are to be made first class. The auditorium is to be painted and tastefully decorated. The platform will perhaps be somewhat altered. There will be other and needed improvements.

The matter of building an addition in the rear of the church is under favorable consideration. The church owns 28 feet at the rear of the building. This would add several rooms to the present Sunday school room and make it more convenient for Sunday school and other church work. The work on the stores is already under way.

The contract is let to Cullen & Peters and calls for completion of the stores on or before Aug. 12th. These will be greatly improved.

Next Sunday's services will be the last of the preaching services for some time. Rev. Walter A. Hall, the pastor, preaching in the morning and Rev. Mr. Henderson of the Presbyterian church, preaching in the evening. The Sunday school, Epworth League and prayer meeting services will all be continued under able leadership.

A. S. MORSE WAS MADE SECRETARY

Meeting of Wisconsin Association of Local Fire Insurance Men at Milwaukee Yesterday.

At a meeting of The Wisconsin Association of Local Fire Insurance agents held in Milwaukee yesterday, A. S. Morse, of the firm of Carter & Morse of this city, was elected secretary and treasurer of the association. Mr. Morse has been actively identified with the insurance business for several years and is a young man worthy of the office, which is quite an important one.

A resolution was adopted recommending that a manager or agent be employed at a salary whose principal duty it shall be to increase the membership of the association, and also to restore peace where rate wars may be raging. Strong resolutions were also adopted against "over head writing" and taking steps to secure the cancellation of such policies that they may be rewritten and signed by the regularly licensed agent.

About three hundred people took part in the Congregational Sunday school picnic, held at Crystal Springs yesterday afternoon. The time was spent in merry games and amusements and a picnic supper was served. On the return trip the Children's Choir sang several selections to the great enjoyment of those present.

OSTEOPATHY

There are no affections which the Osteopathist can handle more readily than the different forms of stomach and bowel trouble, both acute and chronic.

Any abnormal condition in the stomach or bowels is an indication of an irritation to the nerves controlling their rhythmic action, and a disturbance of function of the stomach will sooner or later affect the bowel, or vice versa.

Constipation is the most common of all disorders, and gives rise to many ailments, for if the sewers of the body be clogged, the whole system must suffer.

There is no such effectual cure as Osteopathy affords.

DEADLOCK ON GOVERNORSHIP

Ten Fruitless Ballots Taken by Michigan Republicans.

FERRY IS SLIGHTLY AHEAD.

Bliss and Stearns Are Nearly Tied with Him, While the Other Aspirants Lag Behind—Stearns Regained Lost Ground in the 9th Ballot.

Grand Rapids, Mich., June 28.—After taking ten indecisive ballots, hunger compelled the Republican state convention to adjourn to 10 o'clock. At this time Dexter M. Ferry of Detroit was in the lead with 290 votes, while 421 were required to nominate. Colonel A. T. Bliss of Saginaw was ten votes behind Mr. Ferry, while Justus S. Stearns of Ludington had 206. The other votes were scattered among Chase S. Osborn of the upper peninsula, James O'Donnell of Jackson and Milo D. Campbell of Coldwater. The convention reassembled at 4 o'clock and adopted the report of the committee on credentials, seating the Stearns delegation from Washtenaw county and the Ferry delegation from Livingston county. Then a surprise came when it was decided to take up ticket-making before adopting the platform.

In order to expedite matters the convention voted to do away with the seconding speeches. The names of Messrs. Ferry, O'Donnell, Campbell, Bliss, Stearns and Osborn were then placed before the convention. On the first ballot Mr. Bliss led with 259 votes. Mr. Ferry had 251, Mr. Stearns 215, Mr. Osborn 61, Mr. O'Donnell 42, and Mr. Campbell 13. On the six succeeding ballots Mr. Ferry made small but steady gains, passing Mr. Bliss on the fourth. Messrs. Bliss and Stearns just about held their own, while some of the votes cast originally for Messrs. Osborn and O'Donnell went to swell those of the three leaders.

The Stearns forces made the most dogged fight of any against the prospect of the alleged combine opposing them, holding their ranks intact until the eighth ballot, when they dropped from 210 to 206. This announcement was received with frantic cheering by both the Bliss and Ferry delegations, the belief being general that the Stearns votes would soon be distributed among them.

On the ninth ballot Mr. Ferry gained four more votes, while Mr. Stearns lost another eight. The Bliss strength remained the same. Mr. Stearns recovered all but four of his lost votes on the tenth ballot, and it became apparent that the convention was in deadlock. As the prospect of an all-night session began to loom up before them the delegates relaxed their determination to fight it out, and a motion to adjourn to 10 o'clock in the morning was carried.

The platform will declare in a mild way for the principle of equal taxation. It will take a fall out of the Pingree administration by condemning the corruption of state officials in the recent military scandals, and demanding the vigorous prosecution and punishment of all the guilty. The repeal of the Michigan Central railroad's special charter will be demanded.

On national issues the Philadelphia platform will be endorsed, and support will be pledged to the ticket there nominated. Sympathy may be expressed for the Boers, and hopes for an early and honorable peace will be expressed. The course of the administration in the problem arising from the Spanish war and the action of congress upon the currency and insular government questions will be strongly commended.

REPUBLICANS OF MICHIGAN.

Their State Convention May Last Two Days.

Grand Rapids, June 28.—The Republican state convention may continue two days and perhaps longer. The feeling today seems to be that dark-horse candidates for governor will stand little show, as the delegations assert that they will fight, as now aligned, for a long time.

The convention was called to order by Gerrit J. Diekma of Holland, chairman of the state central committee. After an invocation by Prof. John Talmage Bergen of Hope college, Holland, Daniel P. Markey of Port Huron, was introduced as the temporary chairman.

Mr. Markey lauded the Dingley tariff law, saying it had fulfilled its threefold object—first, furnished sufficient revenue for the needs of the government; second, encouraged and strengthened languishing industries, and, third, gave labor employment at good wages. Upon the question of prosperity he said:

"But perhaps the best evidence of the prosperity of the country will be found in the savings of our people. In Michigan alone, the deposits in the national banks have increased during the last three years from \$26,000,000 to \$40,000,000, or over 50 per cent, while in other classes of banks they have increased from \$65,000,000 to \$100,000,000, or over 53 per cent, and when we go out into the broader field of the nation we find similar conditions prevail."

Referring to trusts, the speaker said: "The Carnegie steel trust and the

Rockefeller oil trust have driven from the lakes nearly every small boat-owner, and the entire profits of the carrying trade of the lakes are doled out from the ravenous fingers of the Rockefellers and Carnegies."

There are six active candidates for and enthusiasm of those years. This convention proves beyond doubt that the task is not an impossible one."

A demonstration in favor of Rev. S. C. Swallow, presidential candidate, occurred as the prohibition parade entered the convention hall. One division was led by the Pennsylvania delegation. Nine lithographs of Swallow were carried slowly down the aisle, and delegates rose in almost every delegation and cheered. There was no tumult when Hale Johnson came in. The opening of the convention found John G. Woolley's managers more confident than ever. "I think he will be nominated on the first ballot," said Chairman Stewart of the national committee.

It was an enthusiastic convention from the start. Everybody that had no flag had a fan. Both were waved with little provocation. Chairman Stewart woke up the fan-wielders when in his first sentence to the convention he said: "The Prohibition party is not dead."

Here most of the flags and fans went up. "It is not even sleeping," said Stewart, and the rest followed.

At noon the convention adjourned until the committee on credentials reported. No contests were expected before the committee went into session. Tomorrow evening a grand mass meeting will be held by the convention delegates, when the nominees for national offices will be given a grand send-off.

Drummers Battle to Death.

New York, June 28.—Solomon Scruggs of Chicago and Philip Hillpot of St. Louis, rival drummers, quarreled over the distribution of trade at West Portal, N. J. Both drew pistols and began firing. Scruggs fell, mortally wounded, and died soon after. While Scruggs lay dying Hillpot, with pistol still in hand, fell to the ground. A bullet had entered his chest. The doctors say he cannot recover.

FOR WOMAN'S HEALTH

Earnest Letters from Women Relieved of Pain by Mrs. Pinkham.

"DEAR MRS. PINKHAM:—Before I commenced to take your medicine I was in a terrible state, wishing myself dead a good many times. Every part of my body seemed to pain in some way. At time of menstruation my suffering was something terrible. I thought there was no cure for me, but after taking several bottles of Lydia E. Pinkham's Vegetable Compound all my bad feelings were gone. I am now well and enjoying good health. I shall always praise your medicine."—Mrs. AMOS PIESCHER, Box 230, Romeo, Mich.

Female Troubles Overcome

"DEAR MRS. PINKHAM:—I had female trouble, painful menses, and kidney complaint, also stomach trouble. About a year ago I happened to pick up a paper that contained an advertisement of Lydia E. Pinkham's Vegetable Compound, and when I read how it had helped others, I thought it might help me, and decided to give it a trial. I did so, and as a result am now feeling perfectly well. I wish to thank you for the benefit your medicine has been to me."—Mrs. CLARA STEEDER, Diller, Neb.

No More Pain

"DEAR MRS. PINKHAM:—Your Vegetable Compound has been of much benefit to me. When my menses first appeared they were very irregular. They occurred too often and did not leave for a week or more. I always suffered at these times with terrible pains in my back and abdomen. Would be in bed for several days and would not be exactly rational at times. I took Lydia E. Pinkham's Vegetable Compound, and menses became regular and pains left me entirely."—Mrs. E. E. CUSZEN, Brule, Wis.

NATIONAL PROHIBITIONISTS.

In the Midst of Convention Work at Chicago.

SINGLE PLATFORM IS ADOPTED

It Declares for Prohibition, Together with a Resolution Favoring Suffrage and Indorsing the Young Men's Prohibition League—Presidential Aspirants.

Chicago, June 28.—Mrs. Francis E. Beauchamp of Kentucky started a revolt in the national prohibition convention which defeated her purpose to have a suffrage plank included in the platform. In a speech advocating a suffrage clause she charged that a picture of Frances E. Willard had been purposely removed from the hall by the enemies of woman's rights. This charge was met by hisses from all sides and brought a dozen delegates to their feet protesting against the insinuation. When quiet was restored the chairman explained that the picture in question had not been removed, but had fallen down, and asked Mrs. Beauchamp to take back her statement.

After considerable discussion the single platform of prohibition was adopted, together with a resolution favoring suffrage and indorsing the Young Men's Prohibition League.

Army Canteen Denounced.
The platform is a lengthy document and arraigns both the democratic and republican parties. Both are accused of being insincere on the trust question and of advocating methods in favor of the liquor traffic. The clause in reference to the army canteen reads as follows:

"We charge upon President McKinley, who was elected to his high office by appeals to Christian sentiment and patriotism almost unprecedented and by a combination of moral influences never before seen in this country, that by his conspicuous example as a wine drinker at public banquets and as a wine-serving host in the White House, he has done more to encourage the liquor business, to demoralize the temperance habits of young men, and to bring Christian practices and requirements into disrepute, than any other president this republic has had. We further charge upon President McKinley responsibility for the army canteen, with all its dire brood of disease, immorality, sin and death, in this country. In Cuba, in Porto Rico and the Philippines; and we insist that by his attitude concerning the canteen, and his apparent contempt for the vast number of petitions protesting against it, he has outraged and insulted the moral sentiment of this country in such a manner and to such a degree as calls for its righteous uprising and an indignant and effective rebuke."

"We challenge the denial of the fact that our executive as commander in chief of the military forces of the United States, at any time prior to or since March 2, 1899, could have closed every army saloon, called a canteen, by executive order, as President Hayes did before him, and should have closed them for the same reasons which actuated President Hayes; we assert that the act of congress, passed March 2, 1899, forbidding the sale of liquors 'in any post, exchange or canteen' by any 'officer or private soldier,' or by 'any other person' on any premises used for military purposes by the United States, was and is as explicit an act of prohibition as the English language can frame. We declare our solemn belief that the attorney general of the United States in his interpretation of that law, and the secretary of war in his acceptance of that interpretation and his refusal to enforce the law, were and are guilty of treasonable nullification thereof, and that President McKinley, through his assent to and indorsement of such interpretation and refusal on the part of the officials appointed by and responsible to him, shares responsibility in the guilt."

Convention Officers Elected.

The committee on permanent organization reported the following officers, who were elected:

Chairman—Samuel J. Dickey, Michigan.

Secretary—Colonel R. S. Chever, Tennessee.

Assistant secretaries—L. W. Elliott, California; Alonzo E. Wilson, Illinois; Mrs. Francis Beauchamp, Kentucky; Herbert E. Griffith, Massachusetts; and J. A. Hartman, New York.

A new national committee was also elected.

Opening Session.

Chicago, June 27.—When the national convention of the Prohibition party was called to order at 10:30 this morning the First Regiment armory presented a scene of brilliant color. More than a quarter of the national delegates were women, the color of their gowns on the convention floor, coupled with the hundreds of flags carried by the delegates and which were kept in almost continual motion, blending with the elaborate decorations of the hall to furnish a gay picture.

Samuel J. Dickey of Michigan, one of the distinguished leaders of prohibition for many years, was named by National Chairman Stewart as temporary chairman. Mr. Stewart said in his opening address:

"It affords me great pleasure, in calling this convention to order, to congratulate you on this great gathering. The Prohibition party is not dead. It is not asleep. It is wide awake and full of life. Slowly but surely has the realization come to us all that this year

affords the greatest opportunity in the history of the party. I have said often that if we had the spirit of 1888 or 1892, along with the opportunity 1900 brings to us, we could poll a million votes. I have said that in the past, doubting whether or not we could succeed in raising the party to the zeal the gubernatorial nomination—Ex-Congressman Aaron T. Bliss of Saginaw; Dexter M. Ferry of Detroit; Justus S. Stearns of Ludington, the present secretary of state, Chase S. Osborn, of Sault Ste. Marie, the present state railroad commissioner; Milo D. Campbell of Coldwater, the present state insurance commissioner, and ex-Congressman James O'Donnell of Jackson. The number of aspirants for minor places on the ticket is also very large.

It appears certain that Col. Bliss will lead on the first ballot, with Ferry and Stearns not far behind him. The other three candidates will not receive a considerable number of votes in the early balloting, but, in the event of a deadlock, which now seems probable, their strength might assume formidable proportions. Former United States Senator John Patton of Grand Rapids, is also spoken of as a likely dark horse. Gov. Pingree and the state administration favor the nomination of Stearns and bitterly oppose Ferry and Bliss. The governor has repeatedly said that if Ferry were nominated he would himself run again for governor on an independent ticket.

Union Reform Ticket.

Chicago, June 28.—The union reform party met at the Tremont house, Chicago, and nominated the following state ticket:

Governor, Lloyd S. Spearer, Chicago; Lieutenant-governor, Dr. Th. L. Brinck, Lee county; secretary of state, W. E. Mann, Decatur; auditor, N. H. Kane, Champaign; attorney-general, Wiley W. Mills, Chicago; treasurer, Marshall Irey, St. Elmo; university trustees, Ellen R. Veblen, Palos; Mary Z. C. Main, Evanston, and Elizabeth Lovett, St. James.

Arkansas Democrats Finish Work.

Little Rock, June 28.—In the Democratic state convention former governor James P. Clarke was elected national committeeman without opposition. Senators James K. Jones and James H. Berry, Mr. Clarke and Jeff Davis were elected delegates at large. Resolutions instructing the delegation to vote for David B. Hill for vice-president were withdrawn. The Chicago platform was reaffirmed and instructions for W. J. Bryan were voted.

Republicans of Vermont.

Montpelier, Vt., June 28.—The Republican state convention nominated candidates for state offices as follows:

Governor, W. W. Stickney; Lieutenant-governor, M. F. Allen; treasurer, J. L. Bacon; auditor, O. M. Barber; secretary of state, F. A. Howland.

You want to get well. Who doesn't? But you are discouraged. You've tried medicines that promised much but didn't keep their promises. If you want to get well try the medicine that makes people well.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

For diseases of the stomach and organs of digestion and nutrition, this medicine offers a practically unfailing cure. Ninety-eight per cent. of all who use it get well.

"I cannot express half my feelings of gratitude to you," writes Mrs. Josie E. Clark of Enterprise, Shelby Co., Mo. "I had despaired of ever getting well. I had been in bad health for twelve years. Bad nerves all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good."

FROM TAKU TO PEKING.

Lay of the Land Between the Village and the Capital.

CHINESE DEFENSES AT TAKU.

Five Mud Forts With Modern Quick Firing Guns—Coal Mines at Tong-Shan—Imperial Arsenal of North China at Pei-Yang—Dangerous Mountain Passes.

The following description of the country from the mouth of the Pei-Ho river to Peking was written for the New York Journal by Sheridan P. Reed, formerly United States consul at Tien-tsin, China:

The Chinese forts at Taku at a distance resemble nothing so much as a row of mud pies. They are constructed literally of mud bricks mixed with straw and are a pure khaki or mud color. The walls are very thick and strong, and they would resist worthily a tremendous pounding from the big gunboats, which would have to lie off at least six miles away owing to the shallow water on the bar that forms a natural barrier.

The Pei-Ho, the river which leads to Tien-tsin by a most meandering and serpentine course, empties into the sea between these forts, and its mouth is but 100 yards wide. Of late years the river has so silted up that only very light draft vessels can navigate it.

The forts at Taku are five in number and are equipped with modern quick firing guns. Four of these forts are to the south of the Pei-Ho, and one is placed directly at the mouth of this river on the north bank. In case of bombardment the smaller foreign gunboats that are already inside the river would train their guns on the rear of these forts. The country is absolutely flat. One can see steamers in the river miles away apparently wading through the fields, and it is often difficult to decide whether a steamer is going up river or down.

After entering the mouth of the river one passes, almost directly opposite the foot on the north bank, a little cluster of foreign residences, the majority of which are built, like the forts, of mud, known as Pilot Town. Here live the half dozen licensed pilots, mostly Americans, and the superintendents of the shipbuilding and repair works of the Taku Tug and Lighter company. This company is owned and managed by foreigners, with head offices at Tien-tsin. Its plant, which is worth \$1,000,000, consists of a large number of modern cranes and steel lighters, used in lightening cargo from steamers which cannot cross the bar and conveying the same, under tow, to Tien-tsin. This company renders very valuable assistance in times of expected trouble to the gunboats that wish to send marines, ammunition and machine guns to Tien-tsin.

A tugboat can reach Tien-tsin from the mouth of the river in six hours, and one of these steel lighters can transport with safety 600 men. It was on one of these tugs that during the China-Japan war the Chinese charge d'affaires and other legation people were conveyed down the river to a place of safety. The foreign residents of Tien-tsin could be conveyed in like manner at the present time to one of the large warships in the outer anchorage were danger sufficiently threatening.

Proceeding up the river from Pilot Town, one passes on the south a straggling mud Chinese village, known as Taku. Just above this, on the same side of the river, is the Imperial maritime customs station, which is a branch of the customs at Tien-tsin. We next come to the village of Tang-Ku, on the north side of the river, where are situated the railway station, the railway wharfs and the large godowns, or warehouses, belonging to the several steamer companies whose vessels ply between Tien-tsin and Shanghai by way of Chefoo. Here are also the coal wharfs belonging to the Chinese Engineering and Mining company, where gunboats and merchant steamers coal their vessels.

The mines of this company are at Tang-Shan, on the railway which proceeds along the shores of the gulf to Tang-Shan. Tang-Shan is about 50 miles from Taku, and the output of bituminous coal is about 3,000 tons daily. The mines supply coal throughout the north of China, and a number of vessels belonging to this company carry coal to Shanghai and Hongkong. Tang-Shan is the residence of Claude W. Kim, an engineer in chief of the Imperial navy, who is one of the most energetic and skillful of the officials who are obstacles to the present size of the navy is due.

Proceeding west by rail from Taku, the first stop is at the village of Hsiao-Ping, a distance of four miles. The next stop is at Chung-Ming-Cheng, a distance of 13 1/2 miles. Hence the railway from Taku to Tang-Ku is 17 1/2 miles, although the distance by the Pei-Ho river is 25 miles. It is at Chung-Ming-Cheng, that report says the Chinese troops are massing, no doubt for the purpose of cutting the railway and foreign troops desire further to use it; also to prevent if possible the capture by foreign troops of the Pei-Yang arsenal, a few miles distant.

This is the imperial arsenal of north China. Here guns and ammunition are turned out. Here is also the naval academy, with several foreign instructors, and a government mint for the coining of silver dollars, fractional silver currency and copper cash. En route to Tien-tsin this is the first sight that attracts the attention of the globe trotter, as its 27 smokestacks rivet the

eye at once, rising from the dead level of the Chinese plains dotted only with graves.

The railway from Tien-tsin station proceeds by a double track line to Peking, 70 miles, passing to the north of Tien-tsin and crossing the Pei-Ho at Yang-tsun, which is distant 17 miles. The bridge here is a very fine piece of work. The girders are of steel, and there are eight spans of 100 feet each. It is looked upon by the Chinese as a wonderful achievement, although it does not equal in magnitude the bridge at the Lan-ho, near Shan-hai-Kuan, or some of the bridges to be found on the Peking-Pao-ting-fu section of the road. The next stations are at Lo-fah and Lang-fong. From Lang-fong the road makes a detour to the south of the imperial hunting park, and Feng-tai is then reached, at which place the road branches south to Pao-ting-fu. Feng-tai is six miles from Peking, and the road terminates at a village called Machi-po, from whence a trolley road 1 1/2 miles long leads to the outer gate of the Chinese city.

In Tien-tsin there are four concessions—Japanese, French, English and German. Our government has no concession. We had one, but relinquished it at the close of the China-Japan war, when Germany requested one, which included ours. The United States consul in Tien-tsin occupies quarters on the British concession. All the other great powers own their consulates. At Tong-Shan, where are situated the coal mines, are also the car works and railway repair shops. Here the rolling stock for the Imperial lines is built, everything being made here with the exception of wheels, axles, springs and couplers.

At Shan-hai-Kuan, where the great wall terminates on the gulf of Pe-chili, are more workshops for bridge construction. Twenty miles this side of Shan-hai-Kuan is the foreign watering place of Pei-tai-ho, lately made a treaty port under the name of Ching-wan-tao. Here are at least 200 expensive cottages belonging to the residents of north China, and if there were any foreigners (as there undoubtedly were) in this place when the Boxer troubles began they were no doubt brought back by tugs of the Taku Tug and Lighter company.

The route from Tien-tsin to Tai-Yuen-fu lies through Pao-ting-fu, Cheng-ting-fu, Hwai-luh and Ping-ting-chou. At all times it is a most dangerous route to travel, as from Hwai-luh to Tai-Yuen-fu the road lies through steep mountain passes in the loess region. These passes are infested with bandits and robbers, and if any of our missionaries are now in Shansi they will have to rely upon the doubtful protection of the Chinese governor of that province, whose yamen is at Tai-Yuen-fu. When I traveled through these passes four years ago for the government, a mighty watch was kept all through these regions.

The Russians have a concession to build a railway from Cheng-ting-fu to Tai-Yuen-fu. Of course the construction of this line cannot begin until the Belgians have completed the section of the Lu-Hai road between Pao-ting-fu and Cheng-ting-fu.

This city is the capital of the province of Chi-li, in which are situated Peking and Tien-tsin. Formerly the vicerey of this province lived half the year at Pao-ting-fu. Viceroy Li Hung Chang changed this arrangement and took up his abode the whole year at Tien-tsin, which plan has been followed by subsequent viceroys. The governor, who is next to the vicerey in power, lives entirely at Pao-ting-fu.

BIG CALL FOR FIREWORKS.

Chinese Productions Now Largely Superseded by American.

No one is now so pleasantly conscious of the approach of the Fourth of July (except the small boy) as the firecracker manufacturer, for the demand for fireworks this year is unprecedented. Manufacturers are working night and day to fill the orders which are coming in from every part of this continent. Shipments have been made already to Australia, Africa and Central and South America besides the European countries, and the employees are being pushed to the limit and paid high overtime wages to keep up with the home demand. The head of a firm on Fulton street whose factory in New Jersey is keeping 500 men at work almost day and night said to a New York Evening Post reporter:

"We have never before done such a business. Concerns doing business within four blocks of the postoffice have, combined, orders on their books, partially filled now, for over \$2,000,000 of explosives, all to go up in smoke on Independence day. Almost that sum will be spent in and around this city. The entire production of the year aggregates over \$5,000,000, but this is scattered all over this country and abroad."

American ingenuity has completely run the formerly triumphant Chinese productions out of the American market. Only about 5 per cent of the firecrackers used are imported, these being the little sputtering "poppers," while five years ago China had practically a monopoly of the firecracker business of the world. The American manufacturer has not the contrivances nor can he seem to invent them for making these small "poppers."

The American firecracker is more expensive than the Chinese, but the difference has never been noticed by the native youth, who looks only for the most elaborate thing he can find with which to celebrate the great national holiday. The style of "cracker" evolved since the last grand annual display will be known as "electric," and it is said that the most wonderful surprises are in store for the small boy. Immediately after the Fourth manufacturers will prepare for the general election in November, an event which calls for an additional demand upon the factories whenever it comes around.

BOERS STILL MAKE BATTLE.

General Sir Leslie Rundle Has a Sharp Artillery Skirmish.

London, June 28.—Gen. Sir Leslie Rundle had a sharp artillery and rifle skirmish near Senekal Friday with a large force of entrenched Boers. He declined to attack them. This is the only fresh fighting reported.

The Boer outposts northeast of Pretoria are busy. The telegraph wires between Standerton and Newcastle were cut Sunday, and Sir Redvers Buller had to report by heliograph.

Commandant De Wet with 3,000 men and three guns is moving northeast in the Orange River colony. It is understood that he and Commandant General Botha entered into a compact that neither would surrender so long as the other was in the field.

Twelve thousand rifles, all told, have been surrendered to the British.

President Kruger is still at Machadodorp.

Jameson, St. Helena, June 28.—Sarel Bloff, President Kruger's grandson, who was captured by the British at Mafeking, landed here today with eleven officers and ninety-eight troops, mostly foreigners.

The prisoners were immediately sent on to Deadwood, the prison camp. Most of the Boers at Deadwood are in good health, and thus far there has been but one death from enteric fever.

Price of Hard Coal Higher.

New York, June 28.—All the anthracite coal roads have given notice of an advance in the price of coal, 25 cents a ton, east and west, beginning July 2. The new circular prices will be as follows: Free on board, tide-water, stove and chestnut, \$1 a ton; egg, \$3.75. Western prices—Grate, \$4.25 a ton; stove and chestnut, \$4.50 on cars at Buffalo.

ANOTHER POINT!

Worth Considering.

It's only a matter now of a short time before your farm tenant will be in to consult you about the purchase of a machine that will harvest with ease the short grain. That machine is the

American Clover Buncher.

Can be attached to any mower. The early dry weather this year means grain too short to bind. The American Clover Buncher is more than equal to the task.

The following reasons explain why the American Buncher should be in the hands of every farmer:

1. It is strong.
2. It is light.
3. It fits any mower, of any make.
4. It is easily attached.
5. It is light of draught.
6. It is easy to operate, almost automatic.
7. It saves the entire crop, no matter how light and sparse, heavy or tangled.
8. It excludes all trash, sticks and dirt.
9. It works perfectly in clover, grass, oats, peas and flax.
10. It is cheap; as compared with anything that will approximately do the work it is sold to do, it is VERY cheap. There are many other reasons why it should be attached to every mower, but the ones given are sufficient to convince any reasonable man.
